

CRESTEC Philippines, Inc.

Company Profile

1984

CRESTEC was founded in Hamamatsu, Japan, in 1984 as a multilingual document engineering company. Since then, the company has expanded its range of services and established offices worldwide to serve our growing list of customers.

2000

CRESTEC Philippines, Inc. was established in July 2000, to provide superior packaging and documentation to CRESTEC's global clients based in Philippines. In order to expand our offering and better serve those clients, CPH has created partnerships with selected local companies who share our unwavering dedication to quality and excellent customer service.
